

# Whatever It Takes

Michael Bublé

We've all been hurt by love  
It's out of our hands  
But for all it's worth  
I'm drawing a line in the sand

Another morning just won't do  
I need your love to shine on through  
Or it won't be new

Whatever it takes, my love, I'll find it  
Whatever it takes my love  
To put the lonely days behind us  
I'm laying it down  
Whatever it takes my love

If there's a chance  
For two hearts to celebrate  
To blow out some candles  
And tempt the hands of fate

You make a wish, I'll make one too  
But close your eyes love when you do  
Or it won't be true

Whatever it takes, my love, I'll find it  
Whatever it takes my love  
To put the lonely days behind us  
I'm laying it down  
Whatever it takes, my love

'Cos I've been wandering 'round  
With the same old blues  
That have been dragging me down  
If you feel the same way too  
Maybe it takes two

And if we give thanks  
For our love at each new dawn  
We'll find the strength  
And the will to carry on

The sun alone will never do  
Without your love to shine on through  
It just won't be new

Whatever it takes, my love, I'll find it  
Whatever it takes, my love  
To put the lonely days behind us  
I'm laying it down  
Whatever it takes, my love
