

Your Favorite Toy

Michael Cretu

Only a game we used to play
Little tin soldiers after school
You had to win and I would say
"Now that I'm dead you've lost your fool"

I can hear you laughing
Wasn't I your favourite toy?

Only a life you threw away
Maybe you always played that game
Did you believe your luck would stay?
Didn't you stand too near the flame?

I can hear you laughing
I was just your favourite toy

I can hear you laughing
Wasn't I your favourite toy?

Only a feeling since you've gone
I'm not alone quite like before
If it's the game we played so long
Don't wanna lose it anymore

I can hear you laughing
I am still your favourite toy
