

Be Who You Are

Michael Franti & Spearhead

Be who you are
Nothing more and nothing less
Be who you are
Don't try to second guess
You ain't gotta be the best
All you gotta do is
Be who you are
And you will find the very best in you

Woke up all alone in the night
And I don't know what to do
I light a candle, to try to handle
Another battle with the truth
All my insecurities are laughing at me too
Too old, too young, too dumb
To become who I thought I was meant to

On the end of my bed
Hanging over the edge
Playin' back in my head
What my momma had said
She said

Be who you are
Nothing more and nothing less
Be who you are
Don't try to second guess
You ain't gotta be the best
All you gotta do is
Be who you are
And you will find the very best in you
And you will find the very best

Sometimes in the world there's a fight
And it starts inside of me
Riding home on the bus
I was cussed at, just another ride for me
She said don't you believe them
She said don't even see them
She said there's no reason to hide any light in you

On the end of my bed
Hanging over the edge
Playin' back in my head
What my momma had said
She said

Be who you are
Nothing more and nothing less
Be who you are
Don't try to second guess
You ain't gotta be the best
All you gotta do is
Be who you are
And you will find the very best
Be who you are
And you will find the very best

Be who you are
And you will find the very best in you
You will find the very best in you
