

# Brighter Day

Michael Franti & Spearhead

Don't give up when your heart is weary  
Don't give up when your eyes are teary  
Don't give up when your voice is trembling  
When your life needs mending  
Don't give up when the hurt is near you  
Don't give up when the world seems to be broken  
I'm still hopin'  
With my heart open ayy ay  
For a brighter day

Don't give up when your pride is bruised and  
Don't give up when you fear you're losin'  
Don't give up in your darkest hour  
Cause you got that power  
Don't give up when you feel divided  
Don't give up, I'll be by your side unbroken  
I'm still hopin'  
With my heart open ayy ay  
For a brighter day  
And if you stay with me  
I will stay with you

For a brighter day  
For a brighter day  
For a brighter day  
For a brighter day

Don't give up, you just keep on fightin'  
Don't give up, you just keep on fightin'  
Don't give up, you just keep on fightin'  
Even when your eyes are cryin'  
Don't give up, you just keep on fightin'  
Don't give up, you just keep on fightin'  
Don't give up  
Even when your eyes are cryin'

For a brighter day  
For a brighter day  
For a brighter day  
For a brighter day

And if you stay with me  
I will stay with you  
For a brighter day

Don't give up, you just keep on fightin'  
For a brighter day
