

# Daycation

Michael Franti & Spearhead

I need a one daycation from this life  
Just one day to get my head on right  
But I ain't givin' up  
I'm gonna stay in the fight  
I need a one daycation from this life  
I need a one daycation from this life  
Just one day to get my head on right  
So whatacha doin' baby  
Now till tonight  
I need a one daycation

Kick it in our jammies  
Not givin' a dammie  
Pop a bag o' corn and practice makin' a family  
Take a little glide down the 1010  
Leave it all behind drivin' under the sun  
Better than sinsemilla  
Better than tequila  
We ain't even touchin' I can already feel ya  
We been non-stop all work and no play  
So whatacha say baby  
Whatcha say say baby

I need a one daycation from this life  
Just one day to get my head on right  
I ain't givin' up  
I'm gonna stay in the fight  
I need a one daycation from this life  
I need a one daycation from this life  
Just one day to get my head on right  
So whatacha doin' baby  
Now till tonight  
I need a one daycation from this life

Baby, baby, baby, we can ride all night  
Baby, baby, baby, it'll be alright  
Baby, baby, baby, we can ride all night  
I need a one daycation

We can pull over and park  
Staring up at the stars  
I'll be lookin' up at Venus you'll be lookin' at Mars  
And make a wish on a satellite light  
That we can come back every night, night, night

I need a one daycation from this life  
Just one day to get my head on right  
But I ain't givin' up  
I'm gonna stay in the fight  
I need a one daycation from this life  
I need a one daycation from this life  
Just one day to get my head on right  
So whatacha doin' baby  
Now till tonight  
I need a one daycation

Baby, baby, baby, we can ride all night

Baby, baby, baby it'll be alright  
Baby, baby, baby, we can ride all night  
I need a one daycation

I need a one daycation from this life  
Just one day to get my head on right  
So whatcha doin' baby  
Not on the night  
I need a one daycation  
I need a one daycation
