

Good Life

Michael Franti & Spearhead

Here we go yo!

Yeah we livin' the good life, whoa
Show me you love it, show me you're lovin' the good life, whoa
We gonna celebrate, celebrate
In the good life, whoa
Show me you love it, show me you're lovin' the good life, whoa
In the good life, whoa

All my party people here
Nobody with ego here
All my people equal here
And all y'all looking beautiful here
Yesterday we threw it down
Now we do the sequel here
Let's get freaky upside down
Dancing on the ceiling here

What a day, what a day, what a day (that's my shit)
What a night, what a night, what a night (this party's lit)

Yeah we livin' the good life, whoa
Show me you love it, show me you're lovin' the good life, whoa
We gonna celebrate, celebrate
In the good life, whoa
Show me you love it, show me you're lovin' the good life, whoa
In the good life, whoa

Good life
Everything right
Some people want to know why I smile so nice
Sometimes at the end of my line
Got weight on my shoulders and stress on my mind

You can't buy shares if you can't share time
And you can't buy love for 9.99
If I'm good with the family, family's good, family strong
Never been Hollywood

What a day, what a day, what a day (that's my shit)
What a night, what a night, what a night (this party's lit)

Yeah we livin' the good life, whoa
Show me you love it, show me you're lovin' the good life, whoa
We gonna celebrate, celebrate
