I Got You

Michael Franti & Spearhead

I got a feelin' deep within my soul
And right now I really need to let to you know
That each time I've fallen down inside that hole
You came and showed me there's a way to go

So we can love deeper
Fly higher
See clearer
Burn brighter
Feel more than we ever did before
Yeah we can swim oceans
Climb mountains
Dance like nobody's watching
Live life like we never did before
And through the highs and lows

Baby I got you yeah
And you got me yeah
Baby I got you yeah
And you got me yeah
Baby I got you yeah
And you got me yeah
Baby I got you yeah
And you got me yeah

Ooh, baby baby, let's go on a journey
Sell the house and give away the money oh
At first glance it might sound funny but
Give me a chance cause we can do anything
I wanna take you on a motorcycle ride
Through the sugar cane in the countryside
We can take a bullet train to the other side
You and me side by side

So we can love deeper
Fly higher
See clearer
Burn brighter
Feel more than we ever did before
Yeah we can swim oceans
Climb mountains
Dance like nobody's watching
Live life like we never did before
And through the highs and lows

Baby I got you yeah
And you got me yeah
Baby I got you yeah
And you got me yeah
Baby I got you yeah
And you got me yeah
Baby I got you yeah
And you got me yeah

Take me, I'm yours, and swing me all across the floor
Shake me down until the sun comes back around
And even when I'm gone I'll turn our love into a song

And I will sing it on back to you as I come home

So we can love deeper
Fly higher
See clearer
Burn brighter
Feel more than we ever did before
Yeah we can swim oceans
Climb mountains
Dance like nobody's watching
Live life like we never did before
And through the highs and lows

Baby I got you yeah
And you got me yeah
Baby I got you yeah
And you got me yeah
Baby I got you yeah
And you got me yeah
Baby I got you yeah
And you got me yeah

Baby I got you yeah
And you got me yeah
Baby I got you yeah
And you got me yeah
Baby I got you yeah
And you got me yeah
Baby I got you yeah
And you got me yeah
