Only Thing Missing Was You 2

Michael Franti & Spearhead

Yeahh Uh huh
This is Michael Franti & Spearhead
That's HIRIE
This is how we do

Its a crazy world we're living in every day
Poverty, violence taking lives away
Earthquakes, hurricanes almost every day
And politicians try dividing us, no no way

I wish I had somebody I could maybe talk to
Someone in the same boat that I relate to
Conversate about the changes that we wanna see
Oh baby could you be that one for me?

The only thing missing was you
The only thing missing was you
The only thing missing was you
You you, you you
You make my heart start to boom, boom, boom (eh, eh, eh)
Every time you look into my eyes
Every time you look into my eyes

Started out when I met you on a rainy day
Then we started to text each other every day
Never thought when I met you in the old caf
That we would someday be this way, way, way
You make me see that the world is not a hopeless place
Every time that your lips kiss me on my face
I never knew that I could feel this kinda peace
Ohh baby, baby now you are the one for me

The only thing missing was you
The only thing missing was you
The only thing missing was you
You you, you you
You make my heart start to boom, boom, boom (eh, eh, eh)
Every time you look into my eyes
Every time you look into my eyes
You make my heart start to boom, boom, boom (eh, eh, eh)
Every time you look into my eyes
Every time you look into my eyes

Started out when I met you on a rainy day
Then we started to text each other every day
I never thought when I met you in the old cafe
That we would someday be this way way way

The only thing missing was you
The only thing missing was you
The only thing missing was you
You you, You you
You make my heart start to boom, boom, boom (eh, eh, eh)
Every time you look into my eyes
Every time you look into my eyes
You make my heart start to boom, boom, boom (eh, eh, eh)
Every time you look into my eyes

Every time you look into my eyes

You make my heart start to boom, boom, boom (eh, eh, eh)
Every time you look into my eyes
Every time you look into my eyes
You make my heart start to boom, boom, boom (eh, eh, eh)
Every time you look into my eyes
