

# Show Me Your Peace Sign

Michael Franti & Spearhead

Ohhh

Da da da

This is the song for the times, ya'll

Show me your peace sign

When there's no sign of peace

From the north to the south

To the west to the east

From the top one percent to every man on the street

Every woman rising up and every child in the Middle East

It's the little things in this great big world

And it don't matter if you're a boy or a girl

And it don't matter if you're someone in between

I know you know what I mean

I wanna be standing next to you

Standing next to you

When the revolution comes

When the revolution comes

I wanna be standing next to you

Standing next to you

When the revolution comes

When the revolution comes

Show me your peace sign

When there's no sign of love

You just can't sweep hate down under the rug

Too many guns, too many drugs

I got an olive branch, I need a dove

Because I was born with every blood up in my veins

Every country you could visit

Every city you could name

Everyone is different, and everyone's the same

I know you know what I'm saying

I wanna be standing next to you

Standing next to you

When the revolution comes

When the revolution comes

I wanna be standing next to you

Standing next to you

When the revolution comes

When the revolution comes

Aye

Show me your peace sign, everybody say hey

Show me your peace sign, everybody say hey

Show me your peace sign, everybody say hey

Show me your peace sign, everybody say hey

Show me your peace sign, everybody say hey

Show me your peace sign, everybody say hey

Show me your peace sign, everybody say hey

Show me your peace sign, everybody say

Show me your peace sign

When there's no sign of love

You just can't sweep hate down under the rug

Too many guns, so many drugs

I know you know what I mean

I wanna be standing next to you  
Standing next to you  
When the revolution comes  
When the revolution comes  
I wanna be standing next to you  
Standing next to you  
When the revolution comes  
When the revolution comes

Aye

Show me your peace sign, everybody say hey  
Show me your peace sign, everybody say hey  
Show me your peace sign, everybody say hey  
Show me your peace sign, everybody say hey  
Show me your peace sign, everybody say hey  
Show me your peace sign, everybody say hey  
Show me your peace sign, everybody say hey  
Show me your peace sign, everybody say  
Put your arms around me  
Put your arms around me  
Put your arms around me  
When the revolution comes
