

# This World Is so Fucked Up (But I Ain't Ever Giving Up on It)

Michael Franti & Spearhead

Let me tell you 'bout the situation goin' on  
Up inside my head today  
My mind is runnin' round in circles  
Tryna make sense of the people  
Who are runnin' everything today

All these politicians tweetin'  
Got their message on repeat and  
Try dividin' us with fear and the hate

Whey-ey-ey  
I wish I could find a better way to say this

This world is so fucked up  
But I ain't ever givin' up on it  
Never givin' up on it  
Never givin' up on it  
This world is so fucked up  
But I ain't ever givin' up on it  
Never givin' up on it  
Never givin' up

Whey-ey-ey  
I wish I could find a better way to say this

We ain't askin' for money  
We just wanna make change  
We do it for all of the people who need it  
'Cause they got a voice and a name  
I can't believe how we livin' today  
I got this anger and sadness and pain  
They can build walls but we can build bridges  
And we can be part of the change

Whey-ey-ey  
I wish I could find a better way to say this

This world is so fucked up  
But I ain't ever givin' up on it  
Never givin' up on it  
Never givin' up on it  
This world is so fucked up  
But I ain't ever givin' up on it  
Never givin' up on it  
Never givin' up

Let me tell you 'bout the situation goin' on  
All around the world today  
There's a billion different people  
Doin' a billion different things  
To make a billion places better today

And ey, ey-ey  
I know that we can make a better day

This world is so fucked up  
But I ain't ever givin' up on it

Never givin' up on it  
Never givin' up on it  
This world is so fucked up  
But I ain't ever givin' up on it  
Never givin' up on it  
Never givin' up

And ey, ey-ey  
I know that we can make a better day
