

# Work Hard And Be Nice

Michael Franti & Spearhead

Everybody wants a good life  
And a home  
Everybody wants a good friend  
When they're alone  
And everybody don't want nobody to know  
That everybody's got a soul with a great big hole  
In the middle of it  
Life's a riddle and we try to solve it

So when it's dark, look on the bright side  
And when it rains, wait on the sunshine  
Everybody likes gettin' them good vibes  
'Cause everybody got a heart on the inside  
We could take all the hard lessons  
Add a little lovin' and turn em into blessings  
Don't complicate it  
Keep it simple  
Just work hard and be nice to people  
Oh, just work hard and be nice to people  
Work hard and be nice

I don't need a castle  
Or a throne  
I'm just tryin to do a little more right  
Than I do wrong  
And I don't want nobody to know  
That I got a soul with a great big hole  
In the middle of it  
And I'm just tryin' to fill a little of it

So when it's dark, look on the bright side  
And when it rains, wait on the sunshine  
Everybody likes gettin' them good vibes  
'Cause everybody got a heart on the inside  
We could take all the hard lessons  
Add a little lovin' and turn em into blessings  
Don't complicate it  
Keep it simple  
Just work hard and be nice to people  
Oh, just work hard and be nice to people  
Just work hard and be nice

So keep your eyes to the skies and your feet on the ground  
And if you gotta frown I'll help you turn it around and  
Don't let nobody ever tell you you can't be  
Who you wanna be or who you wanna see  
In this love or this life or this day

So when it's dark, look on the bright side  
And when it rains, wait on the sunshine  
Everybody likes gettin' them good vibes  
'Cause everybody got a heart on the inside  
We could take all the hard lessons  
Add a little lovin' and turn em into blessings  
Don't complicate it  
Keep it simple  
Just work hard and be nice to people

Just work hard and be nice to people  
Just work hard and be nice

Don't complicate it  
Keep it simple  
Just work hard and be nice to people  
All of us are equal  
So just work hard and be nice to people
