

# Let's Make Love Again

Michael Grimm

I know I've been a fool  
A low-down selfish fool  
And we've had our differences  
But they mean nothing  
'Cause you and I have something  
That no one can take away. No

I see the way you're looking at me  
And I know what's on your mind

Let's make love again, like we used to do  
You just hold me close, I'll re-discover every part of you  
Let's make love again, I know what you like  
I only wanna please you, baby, you know I wanna do it right  
So let's make love again

I'm gonna change my life  
Gonna leave the man I was behind  
And we'll start all over once again  
It's time we start trying to live like we're dying  
And make every day the best we can

The sun is leaving 'til tomorrow  
But the night has just begun

Let's make love again, like we used to do  
You just hold me close, I'll re-discover every part of you  
Let's make love again, I know what you like  
I only wanna please you, baby, you know I wanna do it right  
So let's make love again

Stirring and stirring and stirring in our bed  
Kissing your lips gently holding your head  
Making the love that was lost long ago  
Hold on tight, don't let go

Let's make love again, like we used to do  
Just hold me close, I'll re-discover each and every little part of you  
Let's make love again, I know what you like  
I only wanna please you, baby, you know I gotta do it right  
So let's make love again

Yeah, baby  
Ooh, let's make love again  
Oh, baby  
Oh, baby

Let's make love again  
Let's make love again  
Let's make love again  
Let's make love
