

## Ol' Jerry Walker

Michael Grimm

What an arrogant asshole he was  
With his diamonds and his Gold  
And all the cars that he owned  
There's no other way to put it because  
That's the way I feel  
That's the way I feel

Yeah he tried to intimidate everyone  
Including his lovely wife and his two-year-old son  
Oh Jerry Walker has a lot to learn  
That's the way I feel  
That's just the way I feel

He thinks he's got the world in the palm of his hands  
He spends time is pissing on the blue collar man  
Oh Jerry's gonna burn in hell  
That's the way I feel  
That's just the way I feel

Now what Jerry did to me was just wrong  
See I'm just a harmless Mississippi boy  
I just like to sing and write my songs  
But now I'm gonna tell the world  
About the way I feel  
This is the way I feel

I sound a little rude it may seem  
But if you know Jerry Walker you know just what I mean  
You might think I'm a little extreme  
Oh that's the way I feel  
That's just the way I feel

He thinks he's got the world in the palm of his hands  
Said he spends time is pissing on the small working man  
Oh Jerry's gonna burn in hell  
That's the way I feel  
That's just the way I feel

Jerry thinks that everything is alright  
Little does he know I slept with his wife  
Yeah he needs to learn a thing or two about life
