Foolish

Michael Johnson

If I've treated you bad
And I've acted unkind
It must be that my heart
Is getting fooled by my mind
'Cause how could I lose
What took me so long to find

Sometime I get foolish
Act like I ain't got no sense
I get real foolish
And now my back's against the fence
I'm out here before you
Waiting on your call
I'm just a fool and that's all

Got the blues in my head
Got my heart in my hand
On a string of apologies
Baby, where do I stand
I'd give anything
To hear you say you understand

Sometime I get foolish
Act like I ain't got no sense
I get real foolish
And now my back's against the fence
I'd give anything
To hear you say you understand
I'm just a fool, foolish man
