Michael Johnson

Maybe I'm crazy but I'm only  
Trying to relate when there's nothing to say  
Maybe I'm lazy but I'm trying  
Maybe I'm lonely and I don't know the way

What's the reason for this sudden change I'm feeling  
I never thought that I would act so strange  
Believe me, oh believe me babe

Feelin' like I'm home free  
There's no more need for running  
Baby I'm home free, it's just you and me  
Home free  
There's no where to be leavin'  
Baby I'm home free, it's just you and me

Maybe I'm leaning but I'm all right  
Maybe I'm losing but I won't play the game  
Maybe I'm dreaming but it seems like  
I'm living in a love that I lose everyday

What's the reason for this sudden change I'm feeling  
I never thought that I would act so strange  
Believe me, oh believe me babe

Feelin' like I'm home free  
There's no more need for running  
Baby I'm home free, it's just you and me  
Baby I'm home free  
There's no where to be leavin'  
Baby I'm home free, it's just you and me

Oh baby I'm home free  
There's no need for running  
Baby I'm home free
