

If You Can't Feel Love

Michael Johnson

You closed the door
Before I asked to have it opened
You say what for, love only makes you cry
But you won't even try

If you can't feel love
Then it's only in your mind
If you can't feel love, all you need is time
But you might feel love, I know a place we can run
'Cause if it feels like love, I'm the one

The nights are long, you toss and turn
When dreams are broken, the day comes on
Somehow the sun will rise
And you might be surprised

If you can't feel love
Then it's only in your mind
If you can't feel love, all you need is time
But you might feel love, I know a place we can run
'Cause if it feels like love, I'm the one

If you can't feel love
Then it's only in your mind
If you can't feel love, all you need is time
But you might feel love, I know a place we can run
'Cause if it feels like love, I'm the one
