Leave It Alone

Michael Johnson

Girl, don't let him take your pride
Be good to yourself
You need courage to smile
'Cause you let him break your heart
Now get him off your mind
Or it'll tear you apart

Leave it alone
It's not gonna go away for awhile
Give it some time, get used to the sky
It's gonna be gray for a while

I don't like to see you cry
I wanna help you forget
And kiss the tears from your eyes
'Cause I think you've had enough
It's gonna take more than a night
For you to fall out of love

Leave it alone
It's not gonna go away for awhile
Give it some time, get used to the sky
It's gonna be gray for a while

There's nothing like a heartache, 'cause girl, I know
Nothing like a sad song, let the feelings show

Oh, leave it alone
It's not gonna go away for awhile
Give it some time, get used to the sky
It's gonna be gray for a while
