Michael Johnson

You say inside you beats a heart that could love someone  
But up till now you've only known the ones who hit and run

Just because you hurt inside  
Doesn't mean you'll stay that way  
'Cause what the others never tried  
I can give you every day

Lifetime love guarantee  
Gonna be happy, happy  
Givin' you a lifetime love guarantee  
Gonna be happy with me

You come into this world alone  
Looking for a friendly face  
But all the while you know  
What lies behind each new embrace

You won't have to hide your eyes  
'Cause I will never turn away  
Leave this world of pain and lies  
Find ourselves a better day

Lifetime love guarantee  
Gonna be happy, happy  
Givin' you a lifetime love guarantee  
Gonna be happy with me

You won't have to hide your eyes  
'Cause I will never turn away  
Leave this world of pain and lies  
Find ourselves a better day

Lifetime love guarantee  
Gonna be happy, happy  
Givin' you a lifetime love guarantee  
Gonna be happy with me
