

Silence

Michael Kiske

Is it just a dream or is this just
A deja vu from nowhere
I hide myself
My feelings were hurt long ago
Just curious in the middle
Of a lonely road
I turned myself away through the dirt

I'm running in the night
Got nowhere else to hide
I'm looking through
This wounded heart inside me
I'm walking without aim
No destination pouring rain
Or is it just the end of my lonely road

Here and now
I wonder how can feelings hurt
Here and now
When silence speaks louder than words

No regrets another morning
And another place
No looking back
Just turned myself away
There is innocence and silence
That started long ago
A destiny - without you

I'm running in the night
Got nowhere else to hide
I'm looking through
This wounded heart inside me
I'm walking without aim
No destination pouring rain
Or is it just the end of my lonely road

Here and now
I wonder how can feelings hurt
Here and now
When silence speaks louder than words
Here and now
I walk the boulevard of lonely dreams
Here and now
No matter if my end is near

I'm running in the night
Got nowhere else to hide
I'm looking through
This wounded heart inside me
I'm walking without aim
No destination pouring rain
Or is it just the end of my lonely road

I'm ready for a fight
No matter how you'll try
I will be the one surviving

Without fortress
I will mend my broken heart
You cannot tear apart
Or is it just the end of my lonely road

Here and now
I wonder how can feelings hurt
Here and now
When silence speaks louder than words
Here and now
I walk the boulevard of lonely dreams
Here and now
No matter if my end is near
