

## Four Long Years

Michael Kiwanuka

Four long years  
To say  
You're not comin' back  
To me either way  
I volunteered  
To stay  
Am I dwellin' in the past?  
You'll never change

I fall in love  
I fall in love all the way  
I did what I needed to stay  
To let go, someone's gotta pay  
The cost

It's truly a shame  
It's truly a shame  
It's all I thought about  
It's truly a shame

Four long years  
To grow  
Heard you're movin' on  
Well I shoulda known  
No one here  
Would know  
You look so relaxed  
It just didn't show

Well I followed love  
I followed love all the way  
Thought I was winning the game  
With no more moves to make  
The score

It's truly a shame  
It's truly a shame  
All I thought about  
It's truly a shame

It's truly a shame  
It's truly a shame  
All I thought about  
It's truly a shame
