

# Money

Michael Kiwanuka

Money, money, is it really love?  
Money, will it be love  
Oh, man, again, I swear  
Money, money, I feel it killing love  
Money, will it be love  
Oh, man, again, I swear

I think I want everything  
Everything all on my own  
Can't you see my diamond ring?  
Twenty thousand carat gold  
Girl, I wanna talk to you  
I can be your money tree  
One hundred million, maybe three  
More than I could ever see

Money, money, is it really love?  
Money, will it be love  
Oh, man, again, I swear  
Money, money, I feel it killing love  
Money, will it be love  
Oh, man, again, I swear

I can buy an aeroplane  
Fly you all around the world  
I'm spending when I feel ashamed  
Spending 'cause I'm all alone  
Girl, I wanna make you mine  
Can't you give your heart to me?  
I would give you every dime  
You're more than I could ever be  
(Ooh, ooh, ooh, ooh)

Money, money, is it really love?  
Money, will it be love  
Oh, man, again, I swear  
Money, money, I feel it killing love  
Money, will it be love  
Oh, man, again, I swear

All money lies, there's no surprise with that  
When money tries to ruin everything  
Pain in disguise, money can't cover up the lies  
I need true love tonight

All money lies, there's no surprise with that  
When money tries to ruin everything  
Pain in disguise, money can cause a man to cry  
I need true love tonight

(Ooh, ooh, ooh, ooh)

Money, money, is it really love? (Oh Lord, money, yeah, money can lie)  
Money, will it be love (Money left, is this real, real love?)  
Oh, man, again, I swear  
Money, money, I feel it killing love (Oh, money goes, money feels, money comes)

Money, will it be love (Money, money, money yeah)  
Oh, man, again, I swear (Money yeah, money yeah, money yeah)

Money, money, is it really love?  
Money, will it be love  
Oh, man, again, I swear  
Money...
