

## Small Changes

Michael Kiwanuka

Small changes  
Solve the problems  
We were revolving in your eyes  
Wait for me  
All this time, we  
Knew there was something in the air

Small changes  
On your mind  
We'll follow from my soul  
Miles till the end  
Miles till the end

Do small changes  
Ever last now  
Or bemoan in my head?  
Wait four long  
Years to find these  
Sweet summer moments in the end

Small changes  
On your mind  
We'll follow from my soul  
Miles till the end  
Miles till the end

Small changes  
On your mind  
We'll follow from my soul  
Miles till the end  
Small changes  
Out of time  
We'll follow from my soul  
Miles till the end  
Miles till the end
