

## Stay By My Side

Michael Kiwanuka

You owe me no  
Apologies  
For all we know  
We've never seen  
No hearts designed  
To be alone  
But yours and mine  
Overflow

In rollin' tides  
You're hoping that I won't leave the shore  
Stay by my side  
There's nothin' that I would leave you for  
Stay by my side

Things fall apart  
It always seems  
To haunt your heart  
With vacant dreams  
You're holding on  
Way too tight  
Don't fortify  
Wasted time

In rollin' tides  
You're hoping that I won't leave the shore  
Stay by my side  
There's nothin' that I would leave you for

In rollin' tides  
You're hoping that I won't leave the shore  
Stay by my side  
There's nothin' that I would leave you for  
Stay by my side
