

# Sweetest Surprise

Michael Learns to Rock

I never knew love  
Could be like this  
Never thought that I  
Would be the one  
That you would kiss

I never knew love  
Could be so rough  
But now I found  
The real thing  
I can get enough

The sweetest surprise  
Caught me tonight  
Right there in your eyes  
While I was kissing you  
So don't say that you don't love  
Everything you dreamed of could be here

Ah... hah... hahhh...

I used to wish, I used to dream  
But now, I'm leaving my heart's wildest fantasy  
So I'll begin to believe  
Because our love is there for everyone to see

The sweetest surprise  
Caught me tonight  
Right there in your eyes  
While I was kissing you  
So don't say that you don't love  
Everything you dreamed of could be here

Ah... hah... hahhh...

On and on, there could things never end, hoohoo...  
On and on, where we never pretend, ahahhh... yeah...

Ah... hah... hahhh...

The sweetest surprise  
Caught me tonight  
Right there in your eyes  
While I was kissing you  
So don't say that you don't love  
Everything you dreamed of could be here.

Ah... hah... hahhh...

So don't say that you don't love  
Everything you dreamed of could be here
