

Lost And Sound

Michael Malarkey

Something about the way you look tonight
That makes me see you
Like when I saw you for the first time
Baby, your necessity to grow
Is lookin' to me now
But we're already on that road

We cannot be changed
We're the lost and sound
So come change with me
Don't let it get you down
Don't let it get you down

Something about the way you look tonight
That illuminates you
Like when I saw you in that first light
Eyes locked like a drunk from across the room
The rhythm swell, it won't let you down now
When the season change too soon

Hey don't be scared babe
That we're lost and sound
Everything is free
Don't let it get you down
Oh no, no we cannot be changed
We're the lost and sound
So come change with me
Don't let it get you down
Don't ever let it get you down
