

## Strangers Dancing

Michael Malarkey

Where lost little life?  
Is there is life of them  
And you're a talking in tones  
I can't understand  
And i feeling stranges  
While is too sleeping people  
We've been and awake for to a long  
Spinning aren't to lerry on  
Do who i be now?  
While strangers dancing  
Her love's around my heart  
And whispering sweet nothing  
And the sweet slays  
But the still just nothing  
And i hope you know that i haven I hated this was forever  
So, so long  
My little strangers dancing  
Her alone in the crowded home  
Hole i can see is you  
Faring nowt, faring nowt  
Hold on fade onto way  
I need to see your face  
And i wilding now  
While strangers dancing  
Your love's around my heart  
Her swear i can hear, oh  
When i open my eyes  
Is into have disappeared, where you haven here a home  
My little strangers dancing
