

Blue Sky Riding Song

Michael Martin Murphey

Blue sky riding song
Holding on, Lord I'm feeling strong
This is the world friend, within the whirlwind
I'm spinning on my way
Bright lady destiny, bring out the best in me
In your blue sky way

You must be the one I loved back in another life
Hold on to me and I know we both will soon arrive

Blue sky riding song
You and I the whole day long
Can't you hear it, rising spirit
It's like a wild violin
You try to lose it, in the music
Of the moment that you're in

You and I in this blue sky are riding in the sun
It's prophesied the sky is wide enough for everyone
