

Carson's Way

Michael Martin Murphey

I blazed a trail or so I thought
On the journey I got caught
In a trap that led nowhere
And now I find I can't go there

Don't even know just where I've been
Adventure swept up by the wind
Confounded by the maze I say
I'll ne'r again take Carson's Way
Carson's Way

Circling 'round through inner space
The point has vanished with no trace
Thought I was a soldier guide
Now the mission's lost inside

Don't even know where I've been
Adventure swept up by the wind
Confounded by the maze I say
I'll ne'r again take Carson's Way
Carson's Way
Carson's Way
Carson's Way
Carson's Way
