

El Dorado

Michael Martin Murphey

Kit's he's got the Mustang, Geronimo's in the Caddy
Cheerios kid in the Volvo, Nick is in the Shelby
Emilio riding low in the Monte Carlo classic
Billy in a Longhorn with the Laramie package
Airstreams on the turnpike with the Winnebagos too
Everybody's headed west, to find a patch of blue

Eldorado ride along
Found my gold in a sunset song

Eldorado ride along
Found my gold in a sunset song

Adobe jazz on a muddy road, paradise by the pick up load
Cadillac gonna take me back, Chamisa yellow brick road track
Santa Fe on the way as the Rio Grande goes floating past
Two-lane desert canyon, glad my engine's built to last
Cracks are in the windshield and tires are wearing thin
But I gotta chase that mountain ghost 'round that trail again

El Dorado ride along
Found my gold in a sunset song

Found my gold in a sunset song

El Dorado ride along
Found my gold in a sunset song
