

# I'm Never Gonna Let You Go

Michael Martin Murphey

I don't know what I'd do, if I should ever lose you  
And I never want to know  
You're everything to me, you're all I'll ever need  
I'm never gonna let you go

Once in a life, the right one comes along  
I know you're the right one, baby  
I know I can't be wrong  
I'm never gonna let you go  
I'm never gonna let you go

When I hold you in my arms, I hold you with my life  
I hold you deep inside my soul  
Whenever we're apart, I hold you with my heart  
I'm never gonna let you go

Once in a life, the right one comes along  
I know you're the right one, baby  
I know I can't be wrong  
I'm never gonna let you go  
I'm never gonna let you go

Once in a life, the right one comes along  
I know you're the right one, baby  
I know I can't be wrong  
I'm never gonna let you go  
I'm never gonna let you go

I'm never gonna let you go  
I'm never gonna let you go
