

# Find It in Your Heart

Michael McDonald

When desire moves from head to heart  
You may lose the luxury  
To have your fun and play it smart  
Take your pleasure and still be free  
Oh, the loneliness at the end of every dream  
Don't you know that there's more to this  
Let go of all your reasons  
And find something to believe

You gotta find it in your heart  
You'll only find it in your heart now baby  
Love's the truth that sets us free  
You'll only find it in your heart

Now you found someone who cares  
You got your life all figured out  
But the truth is you're not really there  
'Till you give in beyond a doubt

Let go of your fantasies  
And start looking for something real  
Your best thinking is what got you here  
Illusion will be shattered by the truth that love reveals

You better find it in your heart  
You'll only find it in your heart now baby  
Love's the key that sets us free  
Oh girl, get out of your head

Let go of your fantasies  
And start looking for something real  
Your best thinking is what got you here  
Illusion will be shattered by the truth that love reveals

You better find it in your heart  
You gotta find it in your heart now baby  
Love will never be the same  
Oh girl, get out of your head

You may think it's a matter of choice  
But there's only one answer, only one voice

You better find it in your heart  
You gotta find it in your heart now baby  
Love will never be the same  
Oh girl, get out of your head

Find it in your heart now  
You better find it in your heart baby  
Love's the truth that sets us free  
Oh girl, get out of your head

Find it, you better find it in your heart  
Find it, you better find it in your heart  
Find it, you better find it in your heart  
Find it, find it baby

Find it, you better find it in your heart  
Find it, you better find it in your heart  
Find it, you better find it in your heart  
Oh girl, get out of your head

Find it in your heart  
You better find it in your heart now baby  
Your love will never be the same  
Oh girl, get out of your head

Find it in your heart...
