

# Delirious

Michael Mind Project

I've been watching you looking at me up in the club tonight It's not hard to tell, anybody with eyes can plainly see You're feeding off my energy, yeah

Hey DJ play my favorite song, and keep me dancing all night long And don't let it stop, don't stop, don't stop what you're doing Oh, I'm sinking into the music We can do it, we can do it, put your body right into it Use your intuition, put your key in my ignition Baby, you're making me a little bit crazy, crazy, crazy

This is getting serious, I'm so curious, I'm delirious Serious, I'm so curious, I'm delirious, d-d-delirious

D-d-delirious

She got the party going out of control She's super hot when's she up on the dancefloor I wanna move, with the lose in my She's so mysterious, delirious

You got me underneath the spotlight moving on the floor We can do this, you got me screaming out for more There's so much I want to explore, oh

And we can do this all night long It feels so right, it can't be wrong I can't get enough I think, I think I'ma lose it

Oh, I'm sinking into the music We can do it, we can do it, put your body right into it Use your intuition, put your key in my ignition Baby, you're making me a little bit crazy, crazy, crazy

This is getting serious, I'm so curious, I'm delirious Serious, I'm so curious, I'm delirious, d-d-delirious D-d-delirious

This is getting serious, I'm so curious, I'm d-d-delirious Serious, I'm so curious, I'm delirious, delirious

She got the party going out of control She's super hot when's she up on the dancefloor I wanna move, with the lose in my She's so mysterious, delirious Oh, oh, oh
