

Nothing Last Forever

Michael Mind Project

Nothing lasts forever, so let's dance tonight
Like we'll never see the morning light
Let's live it up when the sun goes down
Let's live it up when the sun goes down

Nothing lasts forever, so let's dance tonight
Like we'll never see the morning light
Let's live it up when the sun goes down
Let's live it up when the sun goes down

Come on, come on
These days just live for the moment
You can, you can get what you wanted
No need for worrying, it goes on and on

Nothing lasts forever, so let's dance tonight
Like we'll never see the morning light
Let's live it up when the sun goes down
Let's live it up when the sun goes down

These days just live for the moment
You can, you can get what you wanted
... now or never
It gets better ...
It's now or never
