

# Nothing Lasts Forever

Michael Mind Project

Nothing lasts forever, so let's dance tonight  
Like we'll never see the morning light  
Let's live it up when the sun goes down  
Let's live it up when the sun goes down

Nothing lasts forever, so let's dance tonight  
Like we'll never see the morning light  
Let's live it up when the sun goes down  
Let's live it up when the sun goes down

Come on, come on, come on  
These days just live for the moment  
You can, you can get what you wanted  
No need for worrying, it goes on and on

Nothing lasts forever, so let's dance tonight  
Like we'll never see the morning light  
Let's live it up when the sun goes down  
Let's live it up when the sun goes down

(You're ready)  
These days just live for the moment  
You can, you can get what you wanted  
No need for worrying, it goes on and on and on and on  
Dance the last dance  
Freak it out check the pants like  
Like the freaks come out  
Dirty bird like  
It's like releveant  
Stomp the feet  
Like like an elephant  
Party chicks that's my element  
It gets dirty in here for the elegance  
These ugly girls say I'm arrogant  
But don't notice my intelligent  
Michael Mind who'd you are  
Like party hard, yeah in this club  
One night now or never  
Remember me

Nothing lasts forever, so let's dance tonight  
Like we'll never see the morning light  
Let's live it up when the sun goes down  
Let's live it up when the sun goes down

Nothing lasts forever, so let's dance tonight  
Like we'll never see the morning light  
Let's live it up when the sun goes down
