

## Here Now

Michael Monroe

I don't think about insurance except to drive my car  
I keep my money in a red bag  
And it doesn't go very far  
I don't have a plan for retirement  
I can hardly think three weeks ahead  
Every day is a brand new world  
You can pass through it living or dead

Chorus

Are you hear now?  
Here now?

I try not to think about tomorrow, I try to forget yesterday  
All we really have is a day at a time  
Tell me how many moments are in a day  
Moment to moment it's heaven or hell  
Are you missing this moment to worry about the next  
Are you living every day as if it were your last  
Or are you waiting for a time when it all will be past

Chorus

Living in your head trying to make sense  
Of a life that is more than paying the rent  
Try to fill your life with a future and things  
But you simply can't ignore when your heart of heart sings  
Kick back into the inside just forget about the outside for a while  
Use your freedom feel your love  
Take theta time to do what you love

Chorus
