

I Send You Back

Michael Monroe

You always tell me only just what I cannot do
I was doing just fine without you here
*) I SEND YOU BACK
I SEND YOU BACK
I SEND YOU BACK
BACK TO WHERE YOU CAME FROM
Your opinions or your energy is not what I need
I better leave you before I leave my mind
*) Repeat
#) Every time you think about me
Wind Chill blows right through me
I could just let you get to me
But what's yours comes back to you
Listen to me now, I'm gonna tell you something
Something you may not want to hear
*) Repeat
#) Repeat
Listen to me now, I'm gonna tell you once again
The same old words you don't want to hear
#) Repeat
