

# One Man Gang

Michael Monroe

Well you know that I ain't Elvis or Jesus  
But I got a pretty face  
Ain't no salaryman  
Caught in the dirty rat race  
You can try all you want  
But you'll never put me in my place  
On the day I was born  
All the doctors gathered 'round  
I was running a mile  
Before my feet had hit the ground  
You can try all you want  
But you're never gonna keep me down

I ain't walkin' on water  
But I know a trick or two  
And you know I don't wanna  
Hang around with you  
You can follow the plans  
But you'll never understand

From the heart of the city  
To the out of the way  
Everybodys pissin'  
On their own parade  
But I'm a One Man Gang  
And I'm runnin' on that P.M.A

I was front of the line up  
When they gave out attitude  
I don't glow in the dark  
But I can sure light up a room  
You can try all you want  
But you'll never tell me what to do

I'll be kickin' and screamin'  
When they force me underground  
From the heart of the gutter  
To the toast of the town  
You can try all you want  
But I'm never gonna turn it down

I ain't walkin' on water  
But I know a trick or two  
And you know I don't wanna  
Hang around with you  
You can follow the plans  
But you'll never understand

From the heart of the city  
To the out of the way  
Everybodys pissin'  
On their own parade  
But I'm a One Man Gang  
And I'm runnin' on that P.M.A

From the heart of the city  
To the out of the way

Everybody's pissin'  
On their own parade  
But I'm a One Man Gang  
And I'm runnin' on that P.M.A

From the heart of the city  
To the out of the way  
Everybody's pissin'  
On their own parade  
But I'm a One Man Gang  
And I'm runnin' on that P.M.A
