

## Trick Of The Wrist

Michael Monroe

I had a nasty habit  
It didn't work for me  
I shook it off like an apple shaken out of a tree  
I used to spend the good times  
On cheap company  
Now I get all my energy for free  
Now people tell me I ain't ageing  
I'm keeping thin and my looks ain't fading  
I take life and I ain't wasting time on no man  
Like a trick of the wrist  
Trick of the wrist  
I used to live on the dark side  
I used to tow the line  
Now I don't give the negative my time  
I used to sleep in the daytime  
If I was even able to close my eyes  
Now I let reality get me high.  
I used to burn all my cash gettin' wasted  
Now I'm eternally fascinated  
Check out the razzamanazz in place  
There ain't no persuading  
There's trick of the wrist  
Trick of the wrist  
(Trick of the wrist)  
Trick of the wrist  
Exactly  
I caught a buzz off a morning breaking  
I take the trip that the music's taking  
I'm on my feet and my heart is racing  
Ain't no mystery  
It's just trick of the wrist
