

## Fade Shade

Michael Nau

There are those circling around it again  
Was there ever the beginning?  
Then when does it end?  
Canyon flicker flicker  
Slow kind of flame  
'Cause wouldn't you rather lose than just be left out of the game?

Their echos coming in a whole wide world of tame  
If there's nothing to remember  
Can't forget it all the same  
Maybe we're on to something  
Or maybe it's alright  
Wouldn't you rather nothing than just a faded shade of bright?
