

## Funny Wind

Michael Nau

Lay your voice down easy  
Simple truths apply  
If I can't do nothing right  
Could you let me help you smile?  
A little bit of shelter for a little while  
Little bit of shelter for a little while

Remembering "end on wonder"  
The realness of your face  
Well the thought don't make anything right  
Some realms you can't escape  
I'm a little bit of shelter from the empty space  
A little bit of shelter from the empty space

Funny wind, some things blow over  
The heart won't come a little further out on the limb  
A beautiful flower can't sand the rain

Lay your head down easy  
Shadows going by  
If we can't do nothing right  
Could you let me help you smile?  
A little bit of shelter for a little while  
A little bit of shelter for a little while

Funny wind, some things blow over  
The heart won't come a little closer out in the swim  
A beautiful flower can't sand the rain
