

Good Thing

Michael Nau

Got a good thing
Got a good thing
Got a good thing going
Got a good thing going
Got a good thing going wrong

Shivering rivers on top a midday dream
Drunk man walking on a balance beam
But what the hell I'll ride it

While the hills are undressing and the fading is strong
Guess you can't fit an ocean where it doesn't belong
Yea well we tried it

It occurred to me as the sky came down
You really miss the flying when you're standing on the ground

Well it's a good thing
Yes it's a good thing
It's a good thing we never
Good thing we never knew what could be found

And the darkness still opens Like the beast hard wired
Somethings always ending on an endless ride
Just climb inside it

Much magnificent color If you straight back the ship
Well either way I'm big enough to say I was lucky enough
To stand beside you

The bird flies light in a heavy frame
Maybe it just learned to be alive and not regret the day
