

Look Into Dance

Michael Nau

Look into dance
The old jackhammer dog in
Just like the rising sun
Something happened to the latch on the door
Something happened to the latch on the door
When they make time

Look into dance
Look into dance
Looking to get away
Or a little bit closer

Look into dance
Something happened to the latch on the door
Something happened to the latch on the door
Something happened to the latch on the door
When they make time

Look into dance
Something happened to the latch on the door
Something happened to the latch on the door
Something happened to the latch on the door
Something happened to the latch on the door
Something happened to the latch on the door
Something happened to the latch on the door
When they make time
