

No Faraway Star

Michael Nau

No faraway star no more
What faraway star?
Just a spark of the demystified
Just a message in a severed wire

Push it from here on in
Push it from here on in
Doesn't have to be so hard

What faraway star?

Oh the voyage you can't avoid forever

The float that couldn't float
Had to let go of the rope
Hanging by a cloud of smoke
What's been broke again?
Waiting for the echo to begin

A thought before I can't remember
How to keep myself together

At all, at all, at all, at all
I'm serious
At all, at all, at all, at all
