

## Scumways

Michael Nau

Down in the scum ways  
Can sell you the light  
But they take the dark  
Right out of the night  
Down in the scum way  
We can attract you with the magic of the mood  
But can't you tell this is a hallway  
Not a room

You better move on passed  
Better be gone soon  
Better move on fast  
Better be gone soon

Down in the scum way  
You got no right  
Being way down in the scum ways  
Somebody just might  
Know what you're thinkin'  
And seizing to do  
Know who you are  
'Cause everybody is just like you

Down in the scum ways  
Everything's a shadow  
Down in the scum ways  
Everything is shot  
Way way down in the scum ways  
Everything's a matter  
Way way down in the scum ways  
Of the heart

Come on out into the dark  
A bite worse than a bark  
So come on out into the dark  
Everything's a shadow
