

So, So Long

Michael Nau

So, so long grey and hello to
That old sweet way of getting through
Another day without a clue
So long grey and goodbye blue

Come by love the hour is good
Too many passed us while we stood
And now good has come to be
Come by now the heart is free

So, so long grey and hello to
That old sweet way of feeling new
Another day's pushing through
So long grey and goodbye blue

Another day is pushing through
So long grey and goodbye blue

And now that good has come to be
Come by now the heart is free
