

## Waiting, Too

Michael Nau

Because you have to wait  
It's gonna be extra great  
A reasonable cliché  
But might be true

But I love you while you wait  
And I ain't your world today  
Because I had to wait  
You're welcome to

But I love you as you wait  
I ain't your world today  
Because I had to wait  
You're welcome to

She's waiting too  
She's waiting too
