

# Tonite

Michael Nesmith

You get the moon  
I'll get the stars  
You get the wind  
I'll get the cars  
You make the stops  
And I'll make the starts  
Tonight

You get the gum  
I'll get the Pez  
Lucille Ball  
Desi Arnez  
I got the soap  
You get the toys  
I'll get the girls  
And you get the boys  
You make the light  
I'll make the noise  
Tonight

Living inside of a little glass room  
Living inside of the tube  
Everyone's made out of little thin lines  
Sometimes their fingers are blue  
Mine too

You get the cops  
I'll get the phone  
I'll get the nurse  
And you go on home  
Sally loves Bob  
Jim needs a shave  
The inside's a knot  
What a way to behave  
Tonight

You get the tape  
I'll get the rule  
You bring the steaks

I'll fill the pool  
You watch the lawn  
I'll watch the door  
You watch a little  
I'll watch some more  
Tonight

Living inside of a little glass room  
Living inside of the tube  
Everyone's made out of little thin lines  
Sometimes their fingers are blue  
Their minds are too

Living inside of a little glass room  
Living inside of the tube  
Everyone's made out of little thin lines  
And sometimes their fingers are blue

Me too

And living inside of a little glass room  
Living inside of the tube  
Oh, everybody's made out of these little, tiny, thin lines  
And sometimes their fingers are blue  
Their minds are too

I'm still inside of a little glass room  
Oh, I'm still inside of this tube
