

Week

Michael Pangilinan

You've been working your ass for the week
I know you've been missing me
Look at the time, oh girl, does it end
I just want to see my baby again

Cause I've been waiting for you
Wanting you to come thru
Girl you know I'll be making time
Just for me to get to you
Yeah you think it's hard
Cause we're miles apart and
You don't know what to do

But do you know
That I don't mind the distance
I wanna show
How true my love is
If you think we're playing games
Then I guess you're wrong
Cause it's you are who I really want

Take a look
Girl, I'm hooked
Hope you're listening
Wanna be, by your side every evening
Baby, I want you to know, that I won't let go
Giving you everything, that's fosho

Take a look
Girl, I'm hooked
Hope you're listening
Wanna be, by your side every evening
Baby, I want you to know, that I won't let go
Giving you everything, that's fosho

When I think of you emotions are just filling up
Cause the way you love me baby, I can't get enough
I'm counting off the days
Until I see your face
I'm always falling
Tripping

On you
Know that I have never felt the same
It's true
It's you I want baby am I to blame
Come through
At the end of the day
I'll put a ring on it
I'mma give you my last name

But do you know
That I don't mind the distance
I wanna show
How true my love is
If you think we're playing games
Then I guess you're wrong

Cause its you are who I really want

Take a look

Girl, I'm hooked

Hope you're listening

Wanna be, by your side every evening

Baby, I want you to know, that I wont let go

Giving you everything, that's fosho

Take a look

Girl, I'm hooked

Hope you're listening

Wanna be, by your side every evening

Baby, I want you to know, that I wont let go

Giving you everything, that's fosho
