Go ahead and throw the tables  
Turn them upside down  
No shackles, no more labels  
Get up off the ground  
Remember where you come from  
Remember who you are  
Don't wallow in sorrows  
Hear the drumming in your heart

I'm free, I'm free, yes I'm free  
And now I'm on my way  
I see a brighter day

You may not be courageous  
But learn from what you've done  
Don't always believe the papers  
Your best is yet to come  
And when you're old and tired  
You look back at me and smile  
'Cause you never lost the fire  
And the drumming in your heart

I'm free, yes I'm free, yes I'm free  
And now I'm on my way  
I see a brighter day

We are on the rise  
Liberty at last  
Can you see the turning tide  
And now we're on our way

We are on the rise  
Liberty at last  
Can you see the turning tide  
And now we're on our way  
I see a brighter day

Free, free, free, free  
Free, free, free  
And now we're on our way  
Free, free, free  
Freedom

Remember where you come from  
Remember who you are
