

Here To Stay

Michael Patrick Kelly

I stay here, I stay clear
I'm holding our course
I'm not losing out track
Believe that

I won't move, I won't change
Not one little thing
Be it in good or bad
Believe that

I'm here to stay
I'm here to stay

Could climb the mountains up
'Til I reach the sky
But I don't need that sight
Believe that

Could wait for the wave
Could have the greatest ride
But it wouldn't feel right
Believe that

I'm here to stay
I'm here to stay
I'm here to stay-ay-ay

I'm here to stay
I'm here to stay
I'm here to stay-ay-ay

Though if time feels like a race
Though this world's changing place
I'm here, I'm here to stay

When you're about to lose your faith
Just take a look into my face and
Call down a touch of grace

I stay here, I stay clear
I'm holding our course
I'm not losing out track
Believe that

I'm here to stay
I'm here to stay
I'm here to stay-ay-ay

I'm here to stay
I'm here to stay
I'm here to stay-ay-ay

I won't move, I won't change
Believe that
